PLEDGE FORM

[Please Review the Corner Co-op Handbook](#)

As a cooperative school, our goal is to create a warm and welcoming community and for all families to be involved in any way they wish. Accordingly, we ask all prospective families to read our Handbook to learn how the Co-op operates and to understand what it means to be part of the Corner Co-op community. We also ask families to read and acknowledge the following:

1. Parents/family members are always welcome to work as helpers in the classroom.

One of the great joys of the Co-op is that families are able to spend time in the classroom as helpers. We have had current and alumni parents and grandparents help in the classroom, and we welcome any family members who wish to come and spend time with us. We recognize that some families may not be able to volunteer their time during a weekday, but we ask that families help in the classroom as needed, whether it is as a volunteer teacher, leading activities, or helping behind the scenes.

2. Families are encouraged to take on a specific job within the Co-op.

As a parent cooperative, families and staff work together to run the school. We invite all families to take on roles within the co-op that work for them, whether it is putting to use a skill you already have or learning something new.

3. We invite families to attend membership meetings and to be involved in the running of the school.

The Co-op meets every six weeks to conduct the regular administrative business of the school and discuss educational issues; attendance by at least 1 parent is encouraged. The nature of a cooperative organization is such that there must be a common interest among all members to share equally in the running and decision-making of the school. General meetings take place in person or on zoom, and smaller committees often meet to take on tasks or plan Co-op events. We see this as an opportunity to be involved in all aspects of the school, from hiring decisions and school policy to new activities and special events.

4. We encourage all families to pitch in when special projects are undertaken.

One of the most special parts of being a parent cooperative is the spirit of community among its members. If we all step up to lend a hand when we are able, we can accomplish anything. We invite families to lend a hand when special projects arise, such as Co-op clean-ups, representing the Co-op at a preschool fair, or baking treats for a Co-op event.

5. We ask families to comply with State / EEC rules and regulations.

While we aim to accommodate families in many ways, we are regulated by the state of Massachusetts and have certain requirements that must be met. All families will need to complete and submit a variety of forms before their child can be enrolled. This includes a health form and immunization record for each participating child completed by their pediatrician.

6. TO HAVE FUN, BE SAFE, USE YOUR IMAGINATION AND BE KIND!

PLEDGE: I recognize that the above obligations are a requirement of our family's membership in the Corner Co-op Nursery School, Inc. If my child is enrolled in the program, I will pay the tuition fees and participate in the Co-op in ways that work best for me and my family.
